ABOUT: Abundance360 is Singularity University's highest-level program run by Singularity Founder Peter Diamandis. This year-round leadership program is designed for founders, executives, and investors who are ready to create meaningful impact and leave a legacy. A360 focuses on 5 critical areas: (i) Impact/onramps of Artificial Intelligence; (ii) understanding the trajectory of Exponential Technologies, (iii) shaping your MTP and Moonshot, (iv) technologies extending the human healthspan, and (v) understanding how technologies are enabling increasing global abundance.
